

Year 2 at home activities 2nd edition.

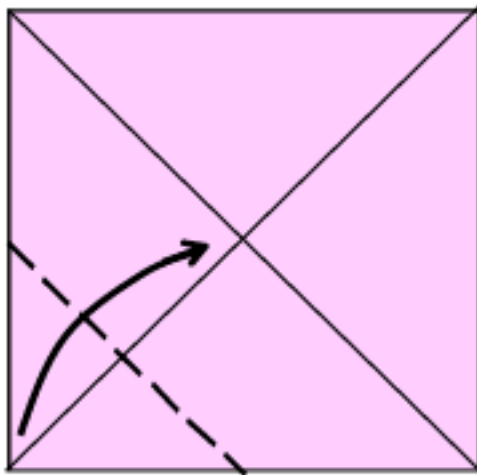

Finger Fortune Teller

Materials: Pencil and a piece of paper about 20cmx 20cm

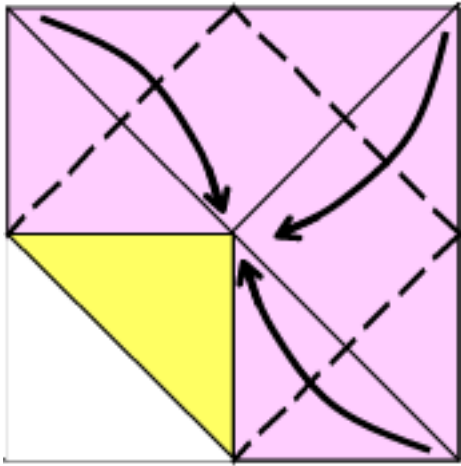

Fold the triangle from corner to corner, making a smaller triangle.

- Unfold everything -- you'll have a square of paper with an X crease.

- Fold the corner to the centre of the square (where the X crosses)

- Repeat with the other three corners.
-

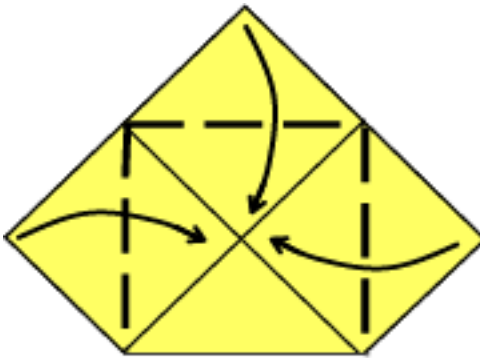

- And you end up with a smaller square!
-

- Flip your paper over
-

- (where the X crosses) Fold the corner to the centre of the square

- Repeat with the other three corners and you'll end up with an even smaller square

- Fold and unfold the bottom edge of the square up to the top

- Fold and unfold the left edge of the square over to the right

- so that the creases look like an asterisk across your small square

- This bit is easier to do than it is to explain -- basically, you want to push the four corners of the square together in the centre and then slide 4 fingers into the flaps of your fortune teller, creasing the folds back so your fingers fit in nicely. You'll be able to move the flaps with your fingers like little puppets.

- At this point, carefully print 4 things on the outside flaps (the standard are blue, red, green and yellow). Print 8 things on the inside flaps (the standard are the numbers 1 thru 8). And print 4 things underneath the inside flaps (the standard are "fortunes" like:
 - You'll be rich
 - You'll be famous
 - You'll be happyYou can colour in some of the sections if you like or add stickers.

Art Review Sheet Year 2

Name:

What medium did you use?

Describe what you did.

What did you learn? What else could you make with this medium?

Rate your performance.
