

Year 2

Earth and Space Science

Week 1

From Mrs Walker

Water Play:

Ask your carer if you can fill a large container of water. Find some plastic containers so that you can move the water around and observe it.

Observe the water carefully using senses to explore what it looks like, feels like, smells like and sounds like.

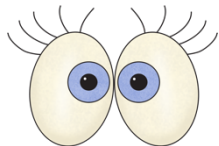

Get a small, clean container of fresh water and observe what the water tastes like.

Record answers on the Observations of Water sheet (**Week 1: Resource Sheet 1**).

Observations of Water
