

Yippee!

This is a great, quick number game for Lower primary grades. It can be played in pairs or small groups. It incorporates number recognition and counting-on. Yippee is a great independent game or 'fast finisher' activity

Equipment:

Dice

Game boards

Counters

How to Play:

Each player has a game board and counters.

Players take it in turns to roll the dice. As the dice is rolled the player covers that number of squares on their game board.

Play continues until one of the players covers their entire board. When doing so player calls 'Yippee!' and is the winner.

Variations:

This game can easily be changed by altering the size of the game board and or the number of dice used.

YIPPEE
